

Our Battle Ground, WA Chapter adopted a local park. We meet once a month to do a clean-up day, where we pick up any trash, broken branches, rake leaves, etc. The City of Battle Ground will put up a sign to show our group has adopted the park, and we are responsible for keeping it looking nice for the community. On Park Appreciation Day in April, our Chapter members lead the community in a park clean-up day, and then we had a picnic to end the event.
