brooke@harmsweb.com
Birthday
05/29
Your Chapter Information
Chapter name
MOMS Club of Kenmore-Tonawanda, NY
Chapter State
New York
Conference 4
Conference 4
Start Date
05/24/2016
What jobs/offices have you held with the chapter? What programs/activities have you started or led?
I was the treasurer for 2 years and am completing my 1st year as president.
How has the MOMS Club helped you?
I definitely found my group of people, some amazing friends and some friends for my daughter.
Did you experience any problems during your time in the MOMS Club? If so, how were those problems resolved or what did you learn from them?
My current club, in all honesty is much more of a kids vs mom's orientated club. I tried to move the focus, but as a club where most members 'age out' it became harder to do. I have already stated my intent on being a 'lifer' and staying in the club.
Why do you want to be an International MOMS Club Volunteer?
I've enjoyed being with our club, I want a chance to give back to the group. I believe in the purpose and reason for the clubs. I want to try and encourage others to stay more mom focused vs letting other clubs switch to a kids focus.
Do you volunteer for anyone else? Please list all your volunteer positions and when you did them?

I do help with our local PTA, I offered to help in a board position, though voting hasn't happened yet. I don't see it possibly interfering.

Do you have any special skills/talents/Hobbies (ie: other languages, proficient in any computer programs)?

I crochet, a lot. That's been my main hobby for countless years (I learned before I was a teenager). I am pretty good at managing my way around most computer things, but I also married a computer engineer, so he helps when I get stuck.

What have you enjoyed most in previous volunteer experiences? Least?

I loved being on the board of my current club, but I want others to have a chance. I loved seeing how and why, and actually reading the binder of information on the club.
