## Billing Rights Summary In Case of Errors or Questions About Your Bill

If you think your bill is wrong or if you need more information about a transaction on your bill, send us your request in writing at the address shown on your bill as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.

In your letter, give us the following information:

- Your name and account number.
- The dollar amount of the suspected error.
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

## This Information Pertains to Your Loan Account

The **FINANCE CHARGE** is computed on the Daily Balance by the application of the daily periodic rate for all personal open-end loans (e.g. home equity lines of credit, overdraft protection lines of credit, etc.) These periodic rates may vary.

The daily balance is determined by adjusting each day's beginning balance as follows: Subtracting the principal portion of any payments or credits posted that day and adding the principal portion of any advances or debits posted that day.
