Important Information About Securities Line, Cash Reserve and Business Reserve

INTEREST CHARGE CALCULATION:

We figure the interest charge on your account by applying the daily periodic rate to the "daily balance" of your account for each day in the billing cycle. To get the "daily balance", we take the beginning balance of your account each day, add any new advances and subtract any credits or payments for that day. This gives us the daily balance. We add each day's interest charge to get the total interest charge which is shown on your monthly statement.

To calculate the Average Daily Balance noted in the Balance Subject to Interest Rate column we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance". The interest charge may be calculated by multiplying each of the average daily balances by the applicable daily periodic rate, multiplying the results by the number of days in the billing cycle divided by 365 and adding together to get the Total Interest For This Period.

WHAT TO DO IF YOU THINK YOU FIND A MISTAKE ON YOUR STATEMENT/BILL:

If you think there is an error on your statement/Bill, write to us at:

Central Bank of the Midwest, P.O. Box 1400, Lee's Summit, Missouri 64063-1400

In your letter, give us the following information:

> Account Information: Your name and account number.

> Dollar amount: The dollar amount of the suspected error.

> Description of Problem: if you think there is an error on your statement/bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us within 60 days after the error appeared on your statement/bill.

You must notify us of any potential errors in writing. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question. While we investigate whether or not there has been an error, the following are true:

> We cannot try to collect the amount in question, or report you as delinquent on that amount.

> The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.

> While you do not have to pay the amount in question, you are responsible for the remainder of your balance.

> We can apply any unpaid amount against your credit limit.
