The IRS updates the public records search with newly filed Form 990-N records once per week, typically on Mondays including filings newly accepted from the previous Thursday and before. Form 990/990-EZ return formats are published on a monthly basis. Your filing will enter the public records search after the next such update occurs.

Reminder: Form 990 reminder systems operate on the public records data set, so you can safely ignore any additional filing reminders you receive for the above accepted filing while waiting on it to enter the public records above. Please do not file again redundantly.
